

**ATOMIZZATORI ULTRASONICI**  
ULTRASONIC ATOMIZERS  
ATOMIZADORES ULTRASONICOS

**Caratteristiche**

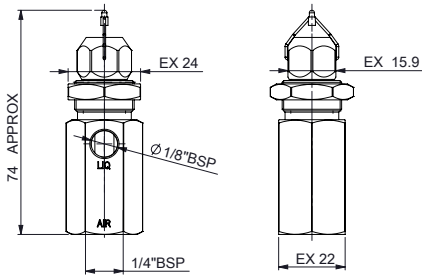

Gli atomizzatori Ultrasonici garantiscono le gocce più piccole in commercio. Grazie al risonatore posto di fronte alla uscita dell'orifizio le gocce vengono ulteriormente frazionate garantendo gocce piccole con una distribuzione uniforme. Possiamo fornire 3 modelli di atomizzatori e differenti tipi di connessioni descritte sotto.

**Characteristics**

The Ultrasonic atomizers guarantee the smallest droplet sizes on the commerce. Thanks to the resonator situated after the orifice, the droplets are further divided in order to guarantee smallest droplet and uniform distribution. We can provide 3 models of atomizers and different connections as described below.

**Características**

Los atomizadores ultrasónicos garantizan los tamaños de gota más pequeños en el comercio. Gracias al resonador situado después del orificio, las gotas se dividen más para garantizar gotas más pequeñas y distribución uniforme. Podemos proporcionar 3 modelos de atomizadores y diferentes conexiones

**Applicazioni**

- Umidificazione aria
- Abbattimento polveri
- Abbattimento odori

**Applications**

- Air Humidification
- Dust control
- Odor control

**Aplicaciones**

- Humidificación del aire
- Control de polvo
- Control de olores

**ADATTORI PER ULTRASONIC ATOMIZERS**  
ADAPTORS FOR ULTRASONIC ATOMIZERS  
ADAPTADORES PARA ATOMIZADORES ULTRASÓNICOS

**Adattatore Standard**  
Standard Adaptor  
Adaptador Estandar

Codice adattatore - Code adaptor  
Código adaptador:  
**ILADATSN**  
Material: aisi 303  
Connection: 1/4" bsp female (air);  
1/4" bsp female (liquid)

**Adattatore a Parete**  
Wall Mounting Adaptor  
Adaptor de Pared

Codice adattatore - Code adaptor  
Código adaptador:  
**ILADATAPSN**  
Material: aisi 303  
Connection: 1/4" bsp female (air);  
1/4" bsp female (liquid)

**Valvola Antigoccia**  
Anti-Drip Valve  
Valvula Antigoteo

Codice valvola - Code valve  
Código valvula:  
**ALSNAV**  
Material: aluminium  
Connection: 1/4" bsp female (air);  
1/4" bsp female (liquid)

**Valvola Antigoccia**  
Anti-Drip Valve  
Valvula Antigoteo

Codice valvola - Code valve  
Código valvula:  
**IOSNAV**  
Material: brass + Aisi 303  
Connection: 1/4" bsp female (air);  
1/4" bsp female (liquid)
